# INTIMACY

“Real intimacy makes us feel alive like we've been found, as if someone finally took the time to peer into the depths of our soul and really see us there. Until then, until we experience true intimacy, we will feel passed over and ignored, like someone is looking right through us.”

## COGNITIVE and INTELLECTUAL INTIMACY

“two people exchange thoughts, share ideas and enjoy similarities and differences between their opinions. If they can do this in an open and comfortable way, then can become quite intimate in an intellectual area.”
